The second-in-command of the Slovyansk pro-Russian separatists has been arrested at the Donetsk Airport allegedly with $19,000 in what was described as "Kremlin money".

DONETSK, Apr 29, 2014 (UBO) – Ukraine’s State Security Service appears to be making progress in thwarting Russia’s efforts to destabilize eastern Ukraine. The Security Service of Ukraine said yesterday it has arrested Igor Perepechayenko, Deputy of Sloviansk self-proclaimed Mayor Ponomarev. The SBU Press Center Spokesman Maryna Ostapenko reported this at a briefing. She claimed that Perepechayenko is implicated in organizing separatist activities and large-scale collisions in Donetsk Oblast, accompanied by violence and resistance to the authorities.

It is known that Perepechayenko has come into contact with the members of the reconnaissance and sabotage group of the Main Intelligence Directorate (GRU) of the General Staff of the Armed Forces of the Russian Federation, which is headed by "Strelok". He has also assisted these persons in organizing terrorist acts in Donetsk Oblast. These actions of the Russian Federation secret services have resulted in death of a Security Service officer during the performance of his official duties, Ostapenko stated.
