### **Ferrexpo (FXPO LN) slid 2.1% on Friday, finishing the week at a 3.8% loss**

KYIV, Sep 11, 2017 &ndash; After a generally good showing, most Ukrainian stocks ended the week on the down side. Concorde Capital provides more in today's market comment: Ukrainian equities concluded last week in a slump on Friday, Sept. 8. The WIG Ukraine Index of Warsaw-traded stocks declined 0.8%, finishing the week at flat growth. It was pulled down by sunflower oil producer Kernel (KER PW), which fell 2.0% and concluded the week with the same loss. In London, iron ore miner and pellet maker Ferrexpo (FXPO LN) slid 2.1%, finishing the week at a 3.8% loss. The Ukrainian Exchange (UX) Index of Kyiv-traded stocks decreased 0.1%, concluding the week unchanged.
