Historic Brit Milah to take place at new medical center in the Menorah compound: 'Not a day in the clinic goes by without saving lives.' Here Prof. Aleksandr Rodinsky demonstrates some of the up-to-date equipment.

From Arutz Sheva, Oct 22, 2017 Jewish history is being made in the Ukraine: Within a few days, a 90-year-old man will experience the historic Jewish ritual commandment of *Brit Milah*. The historic event will take place at the new medical center that was recently established in the Menorah compound in the city of Dnepropetrovsk. The rabbi and 28-year Chabad *shaliach* (emissary), Rabbi Shmuel Kamenetsky, is behind the tremendous project that enjoys close professional guidance from the best local doctors. The Medical Center was recently established by Rabbi Kaminetzky as part of a chain of Jewish projects established in recent years thanks to his extensive activity for the benefit of the local Jewish community. Partners in establishing the hospital are the Boston Jewish Community and the Joint Distribution Committee (JDC). The clinic was established under the leadership of community president Gennadiy Bogolyubov. […]
