**Some believe there may also be a connection to Paul Manafort and Ukraine under investigation as Special Counsel Robert Mueller's case burns dangerously closer to President Trump and other members of his family. If the huge loan is confirmed it would raise questions that could lead to a raft of new indictments during 2018 as Trump's Republican Party fights plummeting presidential popularity and an increasing chance the Democrats could gain control of at least the House and possibly the Senate.**

By [Gloria Christie](#) for Bipartisan Report, Dec 23, 2017 Donald Trump has really begun to feel the heat from Special Counsel Robert Mueller's investigation. Mueller is looking into the Kremlin's interference into the U.S.'s 2016 presidential election and any ties to the Trump campaign. Former national security adviser, Michael Flynn, made a plea deal. That means, he handed Mueller dirt on someone(s) at the top. What about Trump's top adviser and son-in-law, Jared Kushner? Ivanka Trump found a Trump mini-me in her husband. He comes from a real estate mogul's family. Governor Chris Christie, as New Jersey's district attorney, sent Jared's father, Charles Kushner, to prison for a disgusting crime. That is why Christie never made it to U.S. attorney general, despite debasing himself at the feet of The Donald. Charles Kushner pled guilty to a tax fraud scheme. He claimed "hundreds of thousands of dollars in phony deductions for office expenses at the partnerships he created to manage the apartment buildings he owned," according to [The Washington Examiner](#). The senior Kushner also committed fraud by making political contributions in his employees' and associates' names, especially given that they knew nothing about it. Here is where it gets really ugly. Charles Kushner thought that his brother-in-law and his sister were trying to set him up and were working with Christie. Jared's father got even by hiring a prostitute to entice Jared's uncle into a "sexual encounter." Then, Jared's father had the whole thing videotaped in the New Jersey hotel. The cherry on top of the whole mess was when Charles Kushner sent the tape to his own sister. Jared's father went to prison. [... <http://bipartisanreport.com/2017/12/2...er-right-before-election/>]
